

# Eagle's Nest Center, Inc.

Teaching Good Values and Principles for Life!

## **Marianne Harring, Secretary**

### **General Background Information**

I was born and raised in Madison, Wisconsin and lived there until the age of 19. I have one sister 2 ½ years younger than myself. My Mother and Father worked full-time and provided a wonderful privileged environment for us to grow up in. Almost every summer we spent 4 weeks on vacation traveling and camping around the continental United States. I have been married almost 37 years to David, my husband. We have three adult children and three grand children. Prior to my involvement at Eagles Nest Center, Inc. I was a Sunday school teacher during the years my children were in Sunday school.

### **Education**

I completed my high school education at Robert M La Follette High School in Madison, Wisconsin. After my children were old enough to be home alone I went back to school. I received my Associate Degree in Computer Science with honors from Madison Area Technical College.

### **Professional History**

I joined the working force at age 16 working summers in an advertising department. After high school I worked at First Wisconsin Bank in Madison in the magnetic encoding division for a number of years. After my kids were in school I worked as a waitress at a local dinner and I was head waitress for a Supper Club for a couple of years when I entered the factory worker world. Working long hard hours is what lead me to go back to school at age 31 after injuring my back working like a man. After graduating from Madison Area Technical College I was hired by the State of Wisconsin as a computer programmer/analyst. Working in my trade I learned how to work as a team player, team leader, as well as increasing my technical skills. Currently I am on the Board of Directors and Secretary for Eagles Nest Center, Inc.

### **Interests and Hobbies**

I have always loved being outdoors. I enjoy flower and Vegetable gardening travel, camping, canoeing and fishing. I cherish being part of my grand children's lives. I became involved with Eagles Nest Center, Inc because I have compassion to help the youth at risk as I have a 16 year old grandson who is at risk.
