

Meghan Thomas Receives Eagle's Nest Center's First Georgia Derrick Legacy Scholarship

On May 5th, 2010, Meghan received our first \$500 scholarship which will be paid out in her second semester next year. After writing an essay as to why she deserved this award, the Board of Directors was moved to grant it to her. She explained the hardships she had grown up with and through and has persevered graduating high school and resisting social pressures. Meghan has chosen to pursue a career in pediatrics.

Congratulations Meghan!
